

KIPP Family Feud Sponsorship Information

KIPP Jacksonville Schools prepares students from Jacksonville’s North and Westside communities with the knowledge, skills, habits, and character for success in college and life. KIPP Jacksonville is part of KIPP (Knowledge Is Power Program), a national non-profit network of college-preparatory, public charter schools educating students in underserved communities. Our schools are part of the free public schools system and enrollment is open to all students. KIPP Jacksonville currently enrolls nearly 1,200 students in three schools, from elementary to middle school, and continues support of alumni in high school and college through the KIPP Through College program. At KIPP, teachers, students, and families are all united around the same goal: college and a choice-filled life. We believe that an excellent college-preparatory education will set students up for success in whatever life path they choose. Through collective hard work and commitment, KIPP students complete college at a rate that is comparable to the national average and three times that of students from similar economic backgrounds. As public schools, we receive public dollars, but it is because of the generosity of individuals, corporations, and foundations that we are able to offer some of the things that make all the difference in our scholars’ outcomes. These include significantly more time in class, intense support for college admissions and persistence, reliable transportation so that barriers to access are eliminated, classroom technology for differentiated instruction, and facility construction and maintenance to provide a safe environment.

KIPP Family Feud is an ode to the beloved American television game show where “families” – comprised of KIPPsters (our students) and local celebrity guests – will compete to name the most popular responses to survey questions!
